INSTALLATION

NOTE:

- Before installing the all-season mats, check the installation positions.
- Holders are required to prevent the mats from sliding forward and possibly interfering with the pedals.
- When replacing the all-season mats, use all-season mats that are compatible with the holders.
- Do not place additional mats on top of the all-season mats. The additional mats may slide forward and possibly interfere with the pedal.
- Make sure to re-anchor the mats after removing the all-season mats.

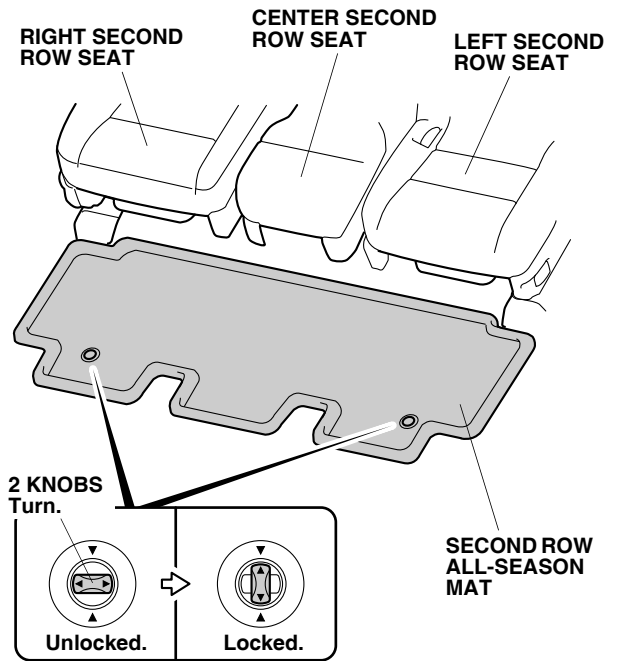

Installing the All Season Mats

1. Remove the standard floor mats according to the vehicle owner's manual.

2. Align and position the front all-season mat over the three knobs on the floor.
3. Turn the knob on each holder to secure the front all-season mat as shown.

4. Align and position the second row all-season mat over the two knobs on the floor.

5. Turn the knob on each holder to secure the second row all season mat as shown.
6. Position the third row all-season mat on floor as shown.
